Awash in Talent by Jessica Knauss

So much Talent can kill you.

Welcome to Providence, Rhode Island, home of telekinetics, firestarters, and psychics!

Emily can't escape her annoyingly Talented telekinetic healer sister without committing a crime.

Kelly must escape her pyrokinesis school and bring Emily's sister to Boston—her mother's life depends on it.

Appointments with Emily might drive her psychic therapist insane.

With so much Talent, sometimes it's all you can do to function in an un-Talented society.

Three narrators. Three interrelated novellas. One unique novel.

About the author

Jessica Knauss was born and raised in Northern California, but has wandered all over the United States, England, and Spain, including four joyful years in Providence. She has worked as a librarian, a Spanish teacher, and an editor. She now lives in Arizona with her beloved husband.

Praise for the author's previous books

"I loved seeing the world through the eyes of the protagonist. ... she's a writer with a story to unfold."
—Roxanne McHenry, *Unruly Guides*

"This is a wonderful story that talks about the freedom to become whatever one wants to be. The author's excellent prose is deeply satisfying."
—Author Lilian Gafni

"Delightfully off the beaten path... a rich tapestry of creativity and character."
—Carine Engelbrecht, *Reader's Favorite*

"This collection is by turns funny, touching, thought provoking, anger inducing, and faith affirming. It's great."
—Christine N. Ethier, *The Fish Place Reviews*

The stories "explore the person's deepest interior, their secret wishes that can become worst nightmares or frustrations that lead to a downfall. In all, the world is not quite what the reader expects and through it the reader's own idea of the world and what is possible can be challenged. Fascinating."
—Author Kristin Gleeson

"...this is damned good writing that'll have you wondering how you missed that you were being sandbagged by a plot twist or two that you didn't see coming. Jessica Knauss finds the deeply disturbing and scary in ordinary situations and everyday life. When she starts, all is as normal as reaching for your morning coffee, but before you're halfway through, it's a whole other story—one that should make the hair on the back of your neck stand up."
—Author Seymour Hamilton

"A bit of modern Bradbury."
—Author Martin Hill Ortiz
